# And the Beat Goes On at SONC

The beat has been steady at the South Ormond Neighborhood Center. The park and splash pad are still enjoying good numbers. We have had a nice blend of parties and receptions over the past couple of weeks and free play basketball has been very active. Maintaining the complex has kept staff busy over the last couple of weeks as well. The summer season had a strong finish.

# Riverbend Girls' Volleyball

On Tuesday, September 3rd, the Riverbend Girls' Volleyball team hosted their first game at the Nova Community Center. The opposing team came from Pine Castle and the competition was exciting. The crowd cheered in support of their team as each scored points. Riverbend will host four more games at the Nova Community Center before their season is over.

## Job Training at Nova

Seabreeze High School has developed a program that helps students with special needs gain job experience throughout the community, and one of its jobsites is the Nova Community Center. Every day, excluding Wednesdays, a small group of students and their teacher get dropped off at the center. They head to the exercise room and game room to clean all of the equipment. The teacher has said it is important to teach the students to finish each job so they can be successful when they gain employment upon graduation from high school.
