Lois Towey
City of Ormond Beach
22 South Beach Street
Ormond Beach, FL 32174

Dear Ms. Towey:

We have enclosed performance for the City of Ormond Beach Police Officers' Pension Trust Fund for the period ending December 31, 2013. Relevant indices have been included for comparison purposes.

What a year! For only the third time since its inception in 1976, the Barclays Capital Aggregate Bond Index delivered a negative return for the year of -2.03%. On December 18th, the Federal Reserve announced the long awaited taper, reducing monthly bond purchases by \$10 billion, taking the first step to unwind the unprecedented stimulus put in place by Chairman Ben Bernanke. However, the Fed also guided to a "lower for longer" Fed Funds rate, well beyond reaching the 6.5% unemployment threshold, especially if inflation expectations remain low. The news sent U.S. stock indices to record highs, while the dollar strengthened and treasuries fell. Positive economic data reinforced the taper decision as GDP grew at a higher than expected pace of 4.1% in the third quarter and the unemployment rate ticked down to 7.0%.

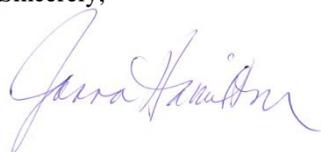

The 10-year Treasury yield rose 41 basis points during the fourth quarter to end the year at 3.03%, the highest level since July 2011. On the short end, the 2-year yield rose 6 basis points to 0.38%, while the 30-year Treasury yield increased 28 basis points to 3.97%. These moves caused the 2-30 year yield spread to widen to 359 basis points.

With the increase in rates, the bond market delivered negative performance for the quarter with a return on the Barclays Capital Aggregate Index of -0.14% and a return on the Barclays Capital Intermediate Government Credit Index of -0.02. Spread product performed well as all four sectors delivered positive excess return. Corporate bonds were the leader by far with an excess return of 232 basis points, followed by mortgage-backed securities with an excess return of 57 basis points. Asset-backed securities and agencies delivered 46 basis points and 44 basis points of excess return, respectively

We have taken advantage of the recent rate increase to add duration to our portfolios and are now marginally above the benchmark index. We remain over weight in corporate bonds with an emphasis on financials, and we have been extending some of our credits to take advantage of the steep yield curve. Given the recent increase in rates, we believe rates will trade in a range with a bias lower in the short term.

Please do not hesitate to contact us if you have any questions or comments.

Sincerely,

Janna Hamilton
Partner

Client Report Disclosures

PERFORMANCE DATA

Performance data represents historically achieved results for a client's portfolio(s), and is no guarantee of future performance. The market or economic conditions during this period may or may not be repeated. There may be differences between the performance shown and the performance results achieved by any other client retaining Garcia Hamilton for the same investment strategy. Benchmark results are shown for comparison purposes only. The benchmark represents an unmanaged portfolio with characteristics which are similar to the portfolio(s). The returns of the benchmark do not include any transaction costs, management fees or other costs. The holdings in the client's portfolio(s) may differ significantly from the securities that comprise the benchmark shown. The benchmark has been selected by the client as an appropriate benchmark with which to compare the performance of the portfolio(s).
