Dear Mr. Ponitz,

It was a pleasure to meet you at the 2016 Winter Trustees School in Orlando. Wolf Popper LLP offers a portfolio monitoring service, which provides our clients with relevant information concerning legal claims arising from their investments to help them satisfy their fiduciary obligations, recover assets, and protect their interests. Wolf Popper represents many large public pension funds and retirement systems throughout the country as their securities portfolio monitoring counsel, at no charge, and as litigation counsel, on a contingent fee basis.

I am interested in learning about your Plan's process relating to the selection of securities monitoring and litigation counsel. In that connection, I would welcome the opportunity to discuss the services provided by my firm, Wolf Popper LLP. Since the 1960's, Wolf Popper's lawyers have concentrated in the field of securities litigation, making the firm one of the first in the nation to practice in this area. Over the years, federal and state courts have consistently recognized the exemplary skills of Wolf Popper's attorneys. In recognition of our high standing at the bar, courts have regularly appointed Wolf Popper to serve as lead or co-lead counsel in complex, multi-party actions.

If you and/or your colleagues are planning to attend the *Wall Street Program in late March*, please do not hesitate to contact me as Wolf Popper's office is just a few blocks away from the Program's venue.

Please feel free to email or call me if you have any questions. I am available to speak with you and/or your colleagues at your convenience or to meet with you in person.

Best regards,

Fei-Lu Qian

Enclosure
