Q6 What issues and concerns do you have about the downtown area?

Answered: 331 Skipped: 21

#	RESPONSES	DATE
1	None right now	5/6/2019 10:27 AM
2	Excessive traffic and explosive growth. Too many gas stations.	5/5/2019 9:29 PM
3	Need for more parking	5/5/2019 12:15 PM
4	Traffic, parking, accessibility	5/3/2019 7:37 PM
5	Parking	5/3/2019 7:16 PM
6	Traffic moves to fast to safely enjoy the downtown space.	5/3/2019 5:17 PM
7	Lot of parking and diversity of stores	5/3/2019 11:01 AM
8	being able to develop further as a destination for visitors and locals	5/3/2019 9:10 AM
9	want to see it grow - encompass more area	5/2/2019 3:16 PM
10	Difficulty and feeling it is really not walkable with the traffic. Speeds are still to great and traffic noise is an issue	5/2/2019 2:50 PM
11	Its lack of safety. As a driver, I have often seen many a cars fly past pedestrians with the dangerous possibility of seriously or critically injuring someone. I also think there needs to be much more parking. It becomes a mad dash during events to find an available spot. So I think have larger parking lots that could operate To be multifunction.	5/2/2019 3:04 AM
12	Littering and the cleanliness of the beach, river and streets, There should be more signs on the beach that tell people about the animals that live here and that littering is strictly enforced, and it should be. no recycling containers around town. Restaurants using styrofoam to go containers, there should be an incentive for restaurants and businesses to have a higher level of green business practices. There should be a high level of green building practices put into place as well as more protection for our trees! no Clearcutting! also the historical museum across form the big apartments on granada is looking shabby and not interesting at all. make the history interesting to look at! and how about adding something about the natives who created the mounds in the area and who lived here before ormond. Also adding something informative about the wildlife here would give it another dimension of interest.	4/30/2019 10:47 PM
13	Absence of green areas-grass and trees Parking	4/29/2019 8:22 PM
14	would like it to be more bike friendly.	4/29/2019 4:46 PM
15	good lighting at night traffic flow	4/29/2019 11:27 AM
16	pedestrian safety, parking	4/29/2019 9:09 AM
17	Parking & crossing Granada	4/27/2019 8:16 PM
18	traffic inability of pedestrians to cross East Granada lack of parking	4/27/2019 12:00 PM

19	Wish there was more retail/restaurant next to the water or facing on water. parking lot across from city hall gives great access to the pier and boat ramp but is an eyesore at the center of our down town area. Parking would be better closer to to road with nicer landscaping and hardscapes closer to the water. Retail option for city hall area would be nice. Would be nice if an alternative was considered for Ormond Elementary for a live/work space, something that is more engaging for downtown. As is, it breaks up the down town experience and adds nothing to it - though, it would be important to keep the building and hopefully a developer could make the overall property more engaging with the downtown. Also, post office kills the halifax/granada intersection - location should be privatized and made into more restaurant/retail/galleries. Biggest mistake of the Ormond Heritage building (other than the enormous loss of the Ormond Hotel) is that it does not have public/retail/restaurant space at the bottom. Any time there is an "off-limits" space in a down town area (like schools, government buildings, or private access only condominiums) a vacuum is created that pulls the life out of the down town experience.	4/26/2019 4:13 PM
20	Parking and traffic	4/26/2019 2:21 PM
21	Traffic and lack of public parking	4/26/2019 11:49 AM
22	Keep the small town feeling and more parking Safety and security issues Keep big developers from ruining our town Example it's not "downtown or progress " but the destruction of the property on W Granada where the Wawa is going in is an example of greed and mismanagement of our City and should be better monitored in the future .	4/26/2019 8:53 AM
23	Narrowed sidewalks. Lack of parking. stagnant business spaces. police dept., city hall, and library soak up valuable downtown business space.	4/26/2019 8:50 AM
24	Parking is a challenge. Need more 'unique' stores that have items you can't find in other shopping areas. Dunn's attic is great other than it's back away from the street and kind of hidden for people walking. Rose Villa is perfect for this area. Grind could use a makeover...	4/26/2019 8:40 AM
25	safety	4/26/2019 8:36 AM
26	Traffic. Inconvenient parking. Dangerous for pedestrians	4/25/2019 9:41 PM
27	I'd like to see more boutique shopping. Parking not great	4/25/2019 5:12 PM
28	Parking, Road crossing, lack of professional space	4/25/2019 3:32 PM
29	That we can go there with out being bothered by homeless or scary people	4/25/2019 3:21 PM
30	Speed limit is too fast on Granada by the post Office. Would be nice to have seating for customers but a little dangerous at this point more tree lined sidewalks for shade Parking is always an issue Upkeep of exterior buildings	4/25/2019 1:33 PM
31	too many aggressive homeless/panhandling people line the Granada corridor from AIA to Nova Road! lack of identifiable public parking, dangerous road crossings, need a small grocery store like the old Thriftway on the mainland side	4/25/2019 11:34 AM
32	Parking. Aesthetics. Signage. A unified inviting look	4/25/2019 11:04 AM

45	I want to see the downtown maintain a resource for all of our residents. There are existing downtown residents who depend on existing services. I am concerned about discussions regarding non-renewal of the library lease. Even if demand for books on the shelf is reduced, that space should remain for public access. 55	There should be more green space, but also parking to be able to access the area. It would be nice for the "downtown" to be more centralized, perhaps just on both ends of the bridge, such that it is not spread out too far. The strip malls and shear razing of parcels is very deleterious to any aesthetics moving forward. Zoning changes should be put in place to limit adding gas stations and businesses that are really not in step with a nice downtown. Signage aesthetics would be in order. Buy the adjacent school and redesign the entire property to include retail/restaurant destination with rooftop parking or a parking garage. 236	High traffic and limited parking	4/19/2019 8:24 PM
237	Need more residential living units in the downtown area.	4/19/2019 4:53 PM
238	Pedestrian safety from road traffic, especially the corners of Granada and A1A- I wish the sidewalk and road crossing was safer and there were more mandatory pedestrian crosswalks on A1A, like the one on Granada close to the Kona grill.	4/19/2019 4:10 PM
239	Excessive traffic in south beach street. Cutting through to avoid granada	4/19/2019 2:34 PM

244	None	4/18/2019 11:28 PM

246	Traffic, parking. Over growth, losing what makes the area special	4/18/2019 11:05 PM
247	Not great for biking, over development, unnecessary cutting down of trees.	4/18/2019 9:22 PM
248	I just want the area to stay true to its roots, maintain the history and unique charm of the city. I don't want to see chain restaurants or shops! I don't want trees destroyed to make room for "progress."	4/18/2019 8:43 PM
249	Lack of political will to allow taller buildings, especially beach side. Not enough family activities or venues geared to kids. A vocal minority that opposes change which prohibits the City from moving forward with bold ideas.	4/18/2019 6:35 PM
250	Overdevelopment.	4/18/2019 6:32 PM
251	I'd love to see it develop but keep the small town feel, I'd hate to see chain stores invade the downtown area. Let's support the small businesses and maybe even encourage more to open.	4/18/2019 6:09 PM

272	Parking	4/18/2019 1:57 PM
273	Speed limit too high on Granada, not enough parking, beachside needs new construction to create opportunity for new shops & restaurants, theft, soliciting, & homeless.	4/18/2019 1:34 PM
274	The building east of the bake shop is unsightly with the painted windows-could use a goid scrubbing. ALSO the little building across the street from Hulls is unsightly. ALSO Byrds Quilt Shop is a mess.	4/18/2019 1:13 PM
275	I hope that parks, plants and beautification occur with the growth to keep the area open beautiful and garner more foot traffic	4/18/2019 1:06 PM

280	Safety	4/18/2019 11:53 AM

301	Parking	4/17/2019 10:46 PM
302	Limited parking. Crime. No events. Not enough variety	4/17/2019 10:32 PM

Answered: 292 Skipped: 60

#	RESPONSES	DATE
1	Activities	5/6/2019 10:27 AM
2	offer amenities to attract and keep people in the area after hours and transportation alternatives.	5/5/2019 9:29 PM
3	More advertising about OrmondBeach	5/5/2019 12:15 PM
4	New retailer, discount passport, CVB	5/3/2019 7:37 PM
5	I think the best way is to plan parking so that people can park and walk	5/3/2019 7:16 PM
6	Events	5/3/2019 5:17 PM
7	Tax incentives	5/3/2019 11:01 AM

9	activity breeds activity	5/2/2019 3:16 PM
10	reduce traffic	5/2/2019 2:50 PM
11	I think advertising its mix use and also advertising additional features including safety features for pedestrians (i.e., walkways, limited car access, etc.) so that individuals can walk freely up and down Granada. I think the invitation of increased foot traffic will help to attract more vendors.	5/2/2019 3:04 AM
12	Go Green, add music, find a place,maybe a bridge park or two where nice food trucks can come. make it a thing, food truck and music thursdays or saturdays. but make sure there are ample garbage cans and recycling bins throughout town. maybe even have art tents and dog friendly. if there was one on each side of the bridge, maybe desserts on the other side of the bridge , people might walk the bridge which is such a beautiful bridge! Hey! what if the bridge was beautified as well. maybe mosaics added. also to bring more businesses make it green and young. it should be more of a foodie haven. Cool food trucks bring that quickly without having to build anything. and find the kid who makes gourmet popsicles, i dont know his name but he's local, a teen and has a food cart. His popsicles are healthier than ice cream and delicious. he was at the christmas tree stand at the harley place.	4/30/2019 10:47 PM

15	Family and seasonal events, festivals, etc that tie in with local business and the arts, that are well-promoted through social media and through local retailers, museums, art galleries etc. Coordinated social media promotions. (e.g. design and offer coordinated free social media "packs" of brief blurbs about the events along with a "Ormond Beach Downtown" logo, etc and lists and links a "Main Page" of events for the area that all local businesses can download for free and use on the webpages, IG,FB, etc and other social media platforms.	4/29/2019 11:27 AM

If these things were more disintegrated people could park in a community parking lot for free!!!! And walk around doing their all their activities == a community parking lot for free, instead of more apartments. There is one next to American legion. But you need more. Do something with the trailer park near American Legion either make them spruce up so it looks more quaint or out right buy - Do not put stores in that lot!!!!create a park with mini golf, pickle ball court, seating, picnic tables for families, or shaded parking lot with resting areas .	4/23/2019 6:05 AM

127	Offer incentives to local and outside business'. You've given grants to current local owners why not encourage new business. Too much of downtown is run by a handful of business owners.	4/22/2019 2:28 PM
128	Safety. I can't tell you how many times we are hesitant to drive or park into the area. If you can improve safety we don't want to go and businesses loose our purchases. Instead we go to other less scary areas. The last three times we have gone to the memorial gardens there were homeless in the gardens. I am afraid to walk by myself or with my child. It also makes me fear my car will be broken into while I am visiting the garden and museum. There is not enough parking for the shops and restaurants. Consider building up since there is no room. Or even a parking further away with someone and a transport shuttle to and from.	4/22/2019 2:25 PM

140	Quality, value, service & cleanliness.	4/22/2019 1:47 PM
141	Things to do.	4/22/2019 1:47 PM
142	Develop BEHIND the current buildings with sidewalks that make walking and talking possible. Put sidewalk cafes behind the current storefronts. Sidewalk dining is a proven way to bring people downtown, however, there is no room to expand the current area in front of the buildings without completely redirecting route 40. Instead, create something behind those storefronts and turn it into a secret haven back there with courtyard cafes, sidewalks, mini parks.	4/22/2019 1:47 PM
143	May not be possible	4/22/2019 1:45 PM
144	You must have a place for them to either park or be dropped off and be able to access establishments without being run over by motorists who won't slow down.	4/22/2019 1:38 PM

198	Right now traffic is bottlenecked and parking is a mess. There isn't really space to accomodate many more (popular) businesses. The only available area is on the beachside near Lucky's. Mainland side doesn't have the space. Too much residential on each side of Granada to really add enough value to make it a popular pedestrian area. I would focus on the beachside, honestly. That's the best opportunity to bring more businesses.	4/20/2019 5:09 PM

Large lower-end corporations like Aldi, Taco Bell, Chillis, Good Will And others in like that target a lower income demographic should not be part of Ormond Beach downtown. Maybe something that can take you from on side of the bridge to the other or maybe even down to Daytona so, that people that vacation in Daytona have a fun easy way to come down here? Also, maybe one of those bike rental programs for people without bikes? That you can return at several different locations in the city.	4/18/2019 3:08 PM

246	Family friendly events	4/18/2019 11:53 AM
247	Organic growth. If you're having to force growth to a spot like Ormond Main Street, then it's probably a problem area that doesn't need to be draining more money. Most businesses are required to earn their own. Why is this "failing/problem area" required to force effort?...why so many other businesses around Ormond don't get this support yet the few who can already afford the locations get support? It's silly. Ormond is best left as the place to live not the downtown that was forced to attract people unnaturally.	4/18/2019 11:42 AM

8	I think an area that offers the above but also provides housing for low to middle income folks who otherwise could not afford it would be beautiful. I think areas that often develop forget abt the individuals who contribute directly to said economy either directly or by support.	5/2/2019 3:04 AM
9	If its a weekend, my family, kids, parents and grandma go to the beach, there's almost no litter to be picked up (microplastics will wash up forever now) we fly our kites, make sand castles, play in the ocean use a clean bathroom at the granada entrance. go to play at the park by the river and walk around as we buy lunch at our favorite food truck. walk over the bridge and have a popcicle while walking back. drive over to maybe fish from the dock park. We rent kayaks from the newly renovated and expanded Environmental discovery center store that tells about the local wildlife, has activities like a coloring area, sells bait and rents kayaks. 17	Browsing through shops with window displays and unique items to look at - not quite as 'touristy' as St. Augustine, but with items to spend an afternoon looking with lunch or dinner in a sidewalk based restaurant.	4/26/2019 8:40 AM
18	walking the boardwalk, having a leisure lunch at a locally owned café, playing at a splash park with my grandsons	4/26/2019 8:36 AM

22	find a good parking space without the worry of being towed, walk the corridor, shop in the retail stores, stop for lunch , visit the farmers market, listen to music, take a ferry down to revitalized Beach Street in Daytona, enjoy the river ride, stop by the Casements and the Historic Society for a dose of history. ..or wake up to the sound of the boats on the river, sit on 2nd story balcony drinking coffee and looking over downtown, walk down to the first floor business and open my shop to welcome in all of my regular customers!	4/25/2019 11:34 AM
23	Well if I'm still walking on this earth and I happen to be in Downtown Ormond Beach, I would hope to see a gentle group of people walking along fresh sidewalks, smelling the fresh roasted coffee at an outdoor cafe for breakfast, brunch. Maybe a glass of champagne. Taking a leisurely stroll across Granada while looking and seeing an array of colorfully painted buildings. Flower pots along the way from the different businesses. As we walk we visit the free different municipal artistic and historic landmarks in town. I guess not much different than what we have today, with a few planning projects for beautification and some better signage for some of the crosswalks ie Granada and Orchard.	4/25/2019 11:04 AM
24	Well because I live in this beautiful community EVERYDAY is my version of the " perfect " day... it would include coffee and breakfast with friends, then an art class at the Casements. Followed by lunch, errands, home. Dinner is always OUT! Next day: switch it up! The " farmers" market... imagine the EARTH DAY CELEBRATION every Thursday! Or at least once a month! The celebration brought children, families, more shoppers!!! IMAGINE. Another day might include going into the shoppes in Granada! Now that's in the perfect world scenario! Because PARKING IS HAZARDOUS! When was the last time YOU were on the CORNER at Billy's? That's a life challenge!!! Granada and Halifax!	4/25/2019 9:54 AM
25	More areas like the park at the Casements, with activities people can safely walk to. Instead of overdeveloping every square foot, we need green space, paths, parking and shuttles, nature areas where children can see gopher tortoises instead of letting developers kill them. Shade is important for outdoor activities here, so more, not fewer trees.	4/25/2019 9:35 AM
26	A walk over the bridge in the morning. Pick up some fresh produce at the farmers market. Have coffee outside in the sunshine. Attend an afternoon festival for entertainment and lunch. Enjoy happy hour and dinner with friends.	4/24/2019 10:34 PM

27	I would wake up walk my dog on the beach. After taking my dog for a walk on the beach I would stop by some local coffee shop and sit in the courtyard and order the most healthiest freshly prepared breakfast. Then I would head home and get ready for Yoga somewhere (there's plenty of yoga places haha). I would bike to yoga and after yoga grab a smoothie king and walk through the farmers market for a few things. After some time I'd make my way home to check on my doggie. My partner would just be getting back from his early morning kayak/fishing adventure and we would bike somewhere for some pool time and drinks at a local hotel/bar (tourists and residents permitted) watching football. After a couple hours of sun and relaxing we would bike home to check on the dog. Fast forward through dog park time & shower & we would then take the shuttle to meet friends out for Art Walk and stroll through downtown looking at roadside vendors selling jewelry, art, etc and a couple food trucks options. After checking out all the shops and vendors we would head to some local restaurant for tapas & wine. After dinner and hitting a few last places we would take the shuttle back and walk home.	4/24/2019 9:11 PM
28	I'd start the day grabbing a coffee from gold leaf, then walk the Granada bridge and let my son run around at the casements and play at fortunato Park. Then we would grab lunch and sit outside.	4/24/2019 7:48 PM

41	We ride our bikes downtown via a bikepath that avoids Beach Street (dangerous) and winds through the shady woods from Tomoka Park (Inglesa Street) to either east or west of US1. There is a nice chamber music group from DSC playing today on the lawn. There are food trucks from which to choose. We have a meal after the concert at an outdoor table at a nice restaurant with friends.	4/23/2019 10:21 PM
42	Eating at an outdoor restaurant, browsing art galleries, hearing music outside, shopping unique clothing stores, maybe taking a yoga class, taking a guided history tour, perhaps followed by a ghost tour once the sun goes down	4/23/2019 8:18 PM

Hop on the trolley to complete a few errands at the frame shop or bakery or computer store. Walk to the art gallery, maybe talk to one of the artists a bit. Pop onto the trolley and get my hair done at Essentials Salon then have lunch at Rosie's cafe and browse a bit in Dunn's attic. I would love to see the old Ormond Garage open back up to get my car serviced while shopping at the thrift stores. A small grocery store would be nice to have downtown to finish up my errands and head home to make dinner.	4/23/2019 9:56 AM

64	Walking or riding a bike safely, in a quieter town. Trees, birds, open skies unobstructed by the shadows of buildings, Less development but well-maintained low key businesses the way they do it in CA and in Cape Cod. People like less traffic and quaintness and Irmond Beach could become known for that. Flagler Beach is much more attractive than the unplanned strips in Daytona Lots of plants and beautiful flowers, fewer signs	4/23/2019 8:06 AM
65	WALK BEACH MASSAGE RESTARAUNT	4/23/2019 7:59 AM

70	Volley ball event at beach, boat ride On the Halifax River, side walk browsing and an opportunity to enjoy a delicious meal	4/23/2019 6:39 AM
71	You should have added the question "Is there anything else you want to add?" Because Section B and C are equally down town areas - maybe you need to look at New Symrna how they handle the 2 downtown areas. B could be antiques, boutiques, cafes & coffee house and Arts Center - C could be beachy, more gyms or sport complex, gymnastic center However this could be reversed - Actually both areas are mixed usage. We seem to have a pretty diverse usage of shops, museum, cafes now. Traffic is the biggest problem. Too much building going on. Do not create buildings more than 3 stories that will wreck the character of the town. The church you just bought should be turned into a sports complex with pickle ball -gymnastics for kids, boxing center for teens - a family get together with activities for all. That would pull in more people to use the downtown. An ice cream shop next door would be perfect ending from playing at the sports complex.	4/23/2019 6:05 AM
72	I envision a downtown that I could have offsite parking, casually walk up and down street enjoying shops, art galleries and cafes. Maybe I can take a water taxi to the beachside and walk to the beach while enjoying the shops and people along the way	4/23/2019 5:47 AM

76	My idea day in downtown Ormond beach would be driving to the Parking Garage in downtown ormond and walking to all the fun shops, art studios, bistros, bars, restaurant's and festivals... We would also love to be able to take our grandkids to downtown ormond and bike the bridge and then park our bikes in a safe bike rack and enjoy the festivals at the park and then shop the shops and dine at the amazing restaurants and then get some ice cream!	4/23/2019 12:47 AM

95	Shopping in a variety of stores which includes local art and crafts. Having several restaurants and cafes to choose from, shaded and beautifully landscaped.	4/22/2019 7:04 PM
96	Arts, cafes, coffee and light fare locally made. Trees, bring my dog to OUR beach , not Flagler...i spend money there and i live HERE. Rental bikes people pay a fee and can pick up or drop in several locations, like some big cities do ...some are free! Keep traffic down ...we are already getting terrible traffic on Granada, so I am for controlled growth. I moved here ten years ago from Boca Raton. South Florida is ruined! 111	I would start my day at a coffee shop before stopping in at the library, and then I might rent a kayak to enjoy a guided eco tour of the Halifax. Afterwards, I would have lunch at an outdoor cafe, and take a walk to window shop at the many vintage and craft shops downtown. There is a book store and some shops for gardening and crafts that are offering classes, and I am excited about signing up. The day has slipped by, and it is time to meet my husband after work for a drink and some jazz music more suitable for an 'older' crowd - no focus on craft beer here, just a quiet drink and conversation.	4/22/2019 3:24 PM
112	We take our boat to the marina and park, on the walk up to granada there's food and crafts to look at and buy. Once in downtown have stores and restaurants more interactive and approachable from the sidewalk. The street should be more alive and inviting. Especially on the weekends	4/22/2019 3:23 PM

121	I imagine it will be underwater. There is nothing that I can see to prevent flooding that will be coming. I have used the online resources and the data models show either side of the intracoastal as being flooded. Consider trying to fortify the area or there may not be an area to visit.	4/22/2019 2:25 PM
122	Walking under trees enjoying plants and flowers. Eating at cafes.	4/22/2019 2:23 PM

129	Walking around visiting small individual unique shops. Stopping for lunch at a cafe. Enjoying the beauty of the area.	4/22/2019 1:56 PM
130	I would start with a car load of friends do some specialty shopping (like New Smyrna), look for an outside restuarant for lunch and/or glass of wine. Stopping to rest and enjoy lunch on the second floor deck of a restaurant overlooking the river. Following lunch a ride on the free ferry over to a craft fair at The Casements or just time in the park enjoying the river. Lucky's market will be doing a demonstration of xxx that might make the walk up there worth it. Stroll back through the gift shops near Billy's Tavern. Take the free ferry back to downtown for dinner at one of the many restaurants offering outdoor dining in the quiet, candlelit courtyard behind Route 40 storefronts.	4/22/2019 1:47 PM
135	Uncrowned comfortable walking environment	4/22/2019 1:45 PM
136	I would ride my bike there, park it in bike rack, get a cup of coffee and start walking around to the art museum or galleries. Have lunch and take a walk along the beach then walk back and hang around with a happy hour beverage.	4/22/2019 1:38 PM
137	I would walk to the library to check out the book selection, then buy some produce at the farmers market. I'd stop for coffee and maybe some other essentials on my way home. Later I would walk the bridge with my husband and spend some time in a park to watch the sunset.	4/22/2019 1:34 PM

140	I wake up in my apartment that is situated on the downtown strip (between granada bridge and US1) of Granada. My apartment is above a local coffee shop (Gold leaf!) and I talk the elevator downstairs for a Saturday treat - bagel and latte. Next I meet up with my siblings (that live a block away), and we take the water taxi to do a little 'stay cation site-seeing'. We stop at a place for lunch along the intracoastal, but we head back as I have a community speaking event at the new community center. I am teaching a certification class for adult-education on a technology certification. We meet in a brightly-lit and cheerful classroom that has the lightest technology, and it is easy to facilitate session 3 in the series. We decide, impromptu, to grab dinner together and we walk over to 63 Sovereign for a lovely meal. After that, I am ready to relax so I walk back to my apartment just a block or so away. It is dark but the streets are light with safe lighting and even have emergency buttons for safety. My apartment is safe and well, lit, and I take the elevator to my 2nd floor. I decide to have a night cap and sit out on the balcony and remiss on the wonderful day!	4/22/2019 1:31 PM

147	Enjoying coffee and breakfast at a local cafe. Visiting the small local retail stores and visiting art galleries. Enjoying some cocktails and delicious food either at the Tiki Bar or Rose Villa with friends and neighbors. Encouraging more community is ideal. Mainly enjoying time outdoors, which is why I moved to a beach community to enjoy the sea breeze and sunshine. Places with outdoor seating are always at the top of my list of things to do in Ormond, even more so when I have out of town guests.	4/22/2019 12:34 PM
158	My prediction in ten years is not promising, the traffic would be so bad that I would truly just want to get out of town. Maybe spend the day in downtown Deland.	4/21/2019 9:26 PM

176	Outdoor markets strolling through music café	4/20/2019 6:54 PM
177	Riding my bike safely with my kids, stopping at a cute cafe for a little breakfast. Riding to the park safely and letting them play while we picnic there and then head over to the farmers market and pick up fresh fruits, vegetables, bread and honey for our week ahead.	4/20/2019 6:29 PM
178	I would walk to the beach, stop by a coffee shop for a cup of Joe as I watch the sunrise. After my walk it's time to stop in the library to check out a new book for my book club. Later that afternoon walk to a brewery or a wine bar. Or I would get up and ride my bike over the bridge hopefully protected by barriers and enjoy a ride at low tide on the beach. We live in an amazing area! Keep it small, keep it local, protect the trees!	4/20/2019 6:29 PM
179	An early breakfast at affordable prices, a free event at the Casements or Fortunato Park. Viewing the cars at an Open House at the Birthplace of Speed Garage. Dinner at one of the many restaurants available. Going back to my car in the free parking lot.	4/20/2019 6:14 PM
180	In 10 years I hope to be able to walk, shop, and enjoy culture and arts. I want to watch lots of people, children and well behaved dogs walking about enjoying that beautiful day in downtown Ormond Beach.	4/20/2019 6:09 PM
181	We have beautiful parks, beach and an art gallery in Ormond, I don't think we need anything else. Would love to see activities for children and young adults on A1A in Ormond Beach so we don't have to drive to Daytona One.	4/20/2019 6:07 PM
182	Pick up a shuttle beachside to shopping area. Start with coffee and something light at outside cafe then visit a nail salon for mani/pedi. After which I'd do some retail therapy with a cocktail somewhere during shopping, followed by a shuttle back to beachside 😊	4/20/2019 6:06 PM
183	I live by obms. I would love riding bikes there with my family to grab lunch outdoors and listen to music. Hit up a shop or attend a festival. Same at night but it would be nice to hop to multiple locations easily for drinks and entertainment.	4/20/2019 5:41 PM

187	Xxx	4/20/2019 5:10 PM
188	Bike ride across bridge, and around to the various parks - river, casements, beach, etc. Maybe a stop in the gardens by the art museum. Lunch somewhere within a block of Granada. Even better if there is farmers market. Also better if there's some other sort of festival going on (that doesn't create even MORE bottleneck).	4/20/2019 5:09 PM
189	I would be walking up and down the street checking out all the little store fronts and cafés. Music would be playing all live bands with benches to sit and listen where they would draw a crowd of people to watch.	4/20/2019 5:01 PM
190	Starbucks, shopping, park, dinner	4/20/2019 4:49 PM

197	Breakfast overlooking the river, where boats and other peaceful activity is occurring, Dolphins and manatees are swimming in schools and fishermen are catching fish. I am anticipating lunch from the hot dog wagon vendor as the tuba and drum circle begins their weekly practice, echoing under the bridge. At dusk, the lights on the bridge start to illuminate, casting beautiful rainbows of color on the bridge which can be seen all the way from the Seabreeze bridge. I walk to the river shuttle/taxi and see many tourists who have come to learn the history of ormond beach, not just the "Birthplace of speed history, but the founding of the city, from New Britain's Stanley Company and the Corbin Brothers. Before that the rum distillery ruins make a great topic of discussion. and The indigo plantations. And I haven't even gotten to halifax dr. or near the Atlantic ocean for surfing and whale watching.	4/19/2019 4:53 PM
198	I would start with visiting the new farmer's market just near the beach and then Walk the beach while eating a fresh croissant and coffee purchased from a local vendor at the farmers market. I stop at the free trolley pick up stop at the corner of A1A and Granada that takes me to Fortunado park where I get off with my son to play on the playground and then rent some kayacks from the city park and spend a couple hours on the river. We return the kayacks and take the free trolley back to the beach where we grab a late lunch from the food trucks set up at Rockefeller Gardens and enjoy sitting in the grass where a free bluegrass music concert is playing. We decide to rent bicycles for an hour at the bike rental kiosk owned by the Ormond parks and rec division, set up right at the Granada beach approach and bike on the beach until sunset. We take the free trolley back to the public parking lot across the bridge near city Hall and head home. What a great day!	4/19/2019 4:10 PM
199	I may not be alive 10 years from now, if I am, probably won't be walking.	4/19/2019 8:26 AM

203	Meet up for leisurely coffee, visit local boutiques, farmer's market visit, check out art galleries	4/18/2019 11:05 PM
204	More trees and plants incorporated into the planning. Not thrilled with how developers have been destroying all the natural beauty I love about Ormond	4/18/2019 9:22 PM
205	I would exit my 5th floor condominium overlooking New Britain Avenue and cross the street to the coffee shop to caffeinate before crossing Granada to my office located in a new three story office building, which incidentally has a popular restaurant on the ground floor adjacent an apparel store. I'd work through the day, have lunch downstairs. At the end of the day I would meet with some friends for drinks at a commercial center on the Halifax River, which is adjacent a public park. I'd probably take a quick walk down the fishing pier to say hi to friends before getting on the water taxi over to the Casements for movie in the park. As the night comes on I would take the shuttle back over the bridge and go back to my condominium to retire for the night. Fun day at the beach awaits on the second perfect day in Ormond Beach.	4/18/2019 6:35 PM
206	I would enjoy seeing art, cultural, and historical sites and museums.	4/18/2019 6:32 PM
